

What to Bring:

1. Warm clothes for cool mornings; remember this is a farm so "grubbies" are recommended. It is always hard to predict the weather. Usually in July, August and September it is really hot during the day 85*-95* so you will want summer clothing, we aren't fancy, this is a farm, shorts and t-shirts are fine. The mornings can be cool 40-55* so you also need warmer clothing like a sweatshirt, a lightweight long sleeve shirt for picking berries is handy.
2. Garden gloves
3. Shoes that can handle the garden and barnyard. Plus, appropriate kitchen shoes!
4. Cool clothes for hot summer days
5. Swimming suit, beach towel- Lake Roosevelt is only a couple miles away
6. Bath Towel (toiletries)
7. Chef Kit
8. Alarm Clock
9. Flash light
10. Summer reading material (incase we take a break)
11. Earplugs if you are a light sleeper (roosters' crow at all hours, not just sunrise that is a myth!)
12. If you have a tent you would like to use you are welcome bring it along to camp in the yard. We have four dorm style bedrooms, with three twin beds in each room, the rooms we have will be shared. There are two bathrooms.
